

AmeriHealth Caritas North Carolina invites you to join a continuing education session: **Behavioral Health Boot Camp: Fall Series**

All types of providers are invited to participate in our FREE ECHO Behavioral Health Boot Camp training series — behavioral health care providers, pediatricians, family practice clinicians, OB/GYNs, local health departments, rural practices, and federally qualified health centers (FQHCs). Scan the QR code to enroll in one or more sessions via email (projectecho@amerihealthcaritas.com).

Offered 2nd and 4th Wednesdays, monthly from September to December 2025, from noon until 1 p.m.

During each session, we will share best practices and practical strategies for supporting members with their behavioral health needs around the topics below.

September 24

Differential Diagnosis and Treatment of Narcissistic Personality Disorder (NPD), Borderline Personality Disorder and Bipolar Disorder

October 8

Patient/Member Engagement:
Building Stronger Connections

October 22

Collaborative Care: Most Common
Billing Code Errors

November 12

Evidence Based Treatment Models
for Trauma in Children

November 26

Substance Use in the
Adolescent Population

December 10

Addressing Pediatric Anxiety in
Primary Care: Screening, Treatment
and Medication Management

Participants who complete components of this series can earn **continuing medical education (CME) credits for physicians, Approved Continuing Education (ACE) credits for social workers, and continuing education units (CEU) for nurses** through the University of New Mexico (UNM).
