

Implants, Devices, Skin Substitutes

Reimbursement Policy ID: RPC.0073.1200

Recent review date: 01/2026

Next review date: 01/2027

AmeriHealth Caritas North Carolina reimbursement policies and their resulting edits are based on guidelines from established industry sources, such as the Centers for Medicare and Medicaid Services (CMS), the American Medical Association (AMA), state and federal regulatory agencies, and medical specialty professional societies. Reimbursement policies are intended as a general reference and do not constitute a contract or other guarantee of payment. AmeriHealth Caritas North Carolina may use reasonable discretion in interpreting and applying its policies to services provided in a particular case and may modify its policies at any time.

In making claim payment determinations, the health plan also uses coding terminology and methodologies based on accepted industry standards, including Current Procedural Terminology (CPT); the Healthcare Common Procedure Coding System (HCPCS); and the International Classification of Diseases, 10th Revision, Clinical Modification (ICD-10-CM), and other relevant sources. Other factors that may affect payment include medical record documentation, legislative or regulatory mandates, a provider's contract, a member's eligibility in receiving covered services, submission of clean claims, and other health plan policies, and other relevant factors. These factors may supplement, modify, or in some cases supersede reimbursement policies.

This reimbursement policy applies to all health care services billed on a CMS-1500 form or its electronic equivalent, or when billed on a UB-04 form or its electronic equivalent.

To the extent that any procedure and/or diagnosis codes are specified in this policy, such inclusion is provided for reference purposes only, may not be all inclusive, and is not intended to serve as billing instructions. Listing of a code in this policy does not imply that the service described by the code is a covered or non-covered health service. Benefit coverage for health services is determined by federal, state, or contractual requirements and applicable laws that may require coverage for a specific service. The inclusion of a code does not imply any right to reimbursement or guarantee claim payment. Other Policies and Guidelines may apply.

Policy Overview

This policy is an overview of claims submitted on outpatient claims for implants, devices, skin substitutes and their associated procedures.

Exceptions

N/A

Reimbursement Guidelines

Implants and Devices

AmeriHealth Caritas North Carolina aligns with the CMS and Integrated Outpatient Claims Editor (OCE) specific to NCCI, regarding reimbursement for drugs, implants, and devices. Procedures that are device or implant dependent should be billed on the same date of service for reimbursement along with the corresponding device or implant. Claims submitted for procedures without the associated device or implant will not be reimbursed.

Skin Substitutes

AmeriHealth Caritas North Carolina aligns with CMS guidelines for application of low-cost skin substitute graft. Low-cost skin substitute graft application claims must be billed with a supply code for the low-cost skin substitute.

Claims for application of high-cost skin substitute graft must include the skin substitute supply code for reimbursement.

If a low-cost or high-cost skin substitute supply code is not paid or denied for the same date of service, the application codes will be denied also.
